## WORK EXPERIENCE

### Professional Website Developer – Freelance

**Sep 2021 – Present**

- Designed and developed custom WordPress websites using HTML, CSS, PHP, and JavaScript, delivering responsive, SEO-friendly sites tailored for user engagement and mobile use across multiple client projects.
- Created and customized WordPress themes and plugins to add unique functionality and design elements, enhancing user experience and client branding.
- Managed end-to-end deployment of WordPress sites, utilizing CI/CD workflows for version control, backup, and smooth project rollouts.
- Optimized website performance through caching, image compression, and database query optimization, resulting in faster load times and improved user retention.
- Ensured mobile responsiveness and cross-browser compatibility, adhering to accessibility standards and best practices for UI/UX design.
- Provided ongoing maintenance, security updates, and support, building long-term relationships with clients and contributing to repeat business and referrals.

### Valet Attendant – Omni Hotels & Resorts

**Feb 2023 – Feb 2024**

- Led by example with a strong work ethic and attention to detail, increasing team efficiency and morale, which contributed to improved guest throughput and higher customer satisfaction scores.
- Represented the luxury Omni brand as the first and last point of contact for guests, ensuring exceptional service and professionalism that directly contributed to positive guest reviews and repeat patronage.
- Managed high-pressure environments during peak hours by coordinating vehicle retrieval and parking logistics, ensuring timely service and preserving the luxury experience expected by discerning guests.
- Anticipated guest needs and personalized service interactions, demonstrating strong interpersonal skills and the ability to uphold hospitality standards at a premier, four-diamond resort.
